BASF India Limited announces Q2 2026-27 results

Mumbai, November 04, 2026: BASF India Limited (BSE code: 500042) registered Revenue from Operations of Rs. 48,321.9 million for the second quarter ended on September 30, 2026, as compared to Revenue from operations (continuing operations) of Rs. 38,957.7 million in the same quarter of the previous year.

The Company's Profit before tax (before exceptional items) stood at Rs. 830.7 million for the quarter ended September 30, 2026, compared to Profit before tax (before exceptional items) from continuing operations of Rs. 1,353.5 million for the corresponding period of the previous year.

For the half-year ended on September 30, 2026, the Company registered Revenue from Operations (continuing operations) of Rs. 96,564.5 million, as compared to Rs. 76,370.9 million for the corresponding period of the previous year. Profit before tax (before exceptional items) from continuing operations stood at Rs. 5,633.1 million for the half-year, compared to Profit Before Tax (before exceptional items) from continuing operations of Rs. 3,354.9 million for the corresponding period of the previous year. Profit after tax (after exceptional items) from continuing operations stood at Rs. 4,095.3 million for the half-year, as compared to Profit after tax (after exceptional items) from continuing operations of Rs. 2,475.3 million reported in the corresponding period of the previous year.

BASF India demonstrated resilience during the quarter, with most businesses delivering improved revenue driven by robust customer demand, volume growth, and favorable pricing trends. While seasonal weather-related disruptions impacted the Agricultural Solutions business, the broad-based strength of our portfolio across Industrial Solutions and Nutrition & Care helped us capture opportunities emerging from evolving market conditions. While higher input costs moderated profitability in the quarter, our continued focus on operational discipline and close
