

Cornwall, Ontario

ADDRESS | 501 Wallrich Avenue, Cornwall, Ontario, Canada

START OF OPERATIONS | 1970

LOCATION | Approximately 100 km west of Montreal, Pierre Elliott Trudeau Airport

SITE MANAGER | David Dorschner

Site Production

The Cornwall site manufactures monomeric and polymeric plasticizers that are distributed across North America and abroad. Customers use these products in conjunction with polyvinyl chloride to create finished products such as swimming pool liners, automobile interiors, wire insulation and packaging materials.

Community Relations

BASF is active in the Cornwall community, supporting science education, ecology, health and safety programs and other local community-based initiatives through monetary donations and employee volunteer efforts. The site has supported several local organizations such as St. Lawrence College, local sports teams and Big Brothers Big Sisters

NUMBER OF EMPLOYEES
