

Whether you are looking for a specific product solution, need compliance documentation, or are looking for the right formulation, your Virtual Pharma Assistants are here whenever you need them!

It's easy to get started. Just follow these simple steps to set up your free account.

Sign up

- 1 Go to virtualpharmaassistants.basf.com
- 2 Select "Sign Up"
- 3 Enter the required information, including name, company email, and location, and select your Virtual Pharma Assistants: ZoomLab®, RegXcellence®, or MyProductWorld
- 4 Review the Terms and Conditions of Use and Privacy Statement and select "Sign Up"
- 5 Within 1-2 business days, you will receive an email from BASF asking you to set your password and verify your account.
You will receive this link in an email from external-profile-management@basf.com.
If you have not received an email with your account credentials, please check your spam or junk folder.
Select the link in the email to create your password.

Sign up to access all three Virtual Assistants

Ready to experience a suite of platforms designed to help you find products, create new drug formulations and navigate compliance issues? Enter your information to get started.
