

The Pension Portal - Your Online Pension Account

What is the Pension Portal?

A secure online service allowing you to view and manage your live pension account, and it's waiting for you to log in! It's provided by the Scheme Administrators, Buck at: <https://www.buckhrsolutions.co.uk/basf>

On the Pension Portal, you can:

	Active members	Deferred members
View and update your contact details	✓	✓
View your recent annual benefit statements	✓	✓
View and update your expression of wish nominations for death benefits	✓	✓
View your current DC Account value	✓	✓
View and update your DC investment choices	✓	✓
View DC investment performance	✓	✓
View your DC contributions	✓	x
Use the DC Retirement Modeller to:		
View your estimated DC Account at your Target Pension Date	✓	✓
View your potential cash, flexible income and/or guaranteed income benefits at retirement	✓	✓
View the effect of changing your contributions	✓	x
View the effect of changing your Target Pension Date	✓	✓
View the effect of choosing different investments on your estimated future DC Account value	✓	✓
Get an indicative transfer value for your DC and, where applicable, your Defined Benefit pension	x	✓
Manage your preference for written or electronic communications	✓	✓

How do I log on?

Go to <http://www.buckhrsolutions.co.uk/basf> and log in or follow the instructions to register if you're a new user.

Why use the Pension Portal?

- All the information is live, so you can see your current DC Account Value and other information without delay. (No need to wait for your annual benefit statement or DC Account statement from the administrators.)
- You can change your investment choices quickly and there's no charge or limit on how many changes you make.
- Changes are effective immediately if you update your expression of wish of nominated beneficiaries for death benefits or contact details.
- The Retirement Modeller can help you understand your benefits and plan ahead.
