## Investment scope

**New Business Models, AI, Digitalization**

Digital Farming, 3D Printing, digital enhancement of existing business models, Innovation/disruption in R&D and Technology

Platform/ecosystem-based digital business models

Extension or replacement of traditional value chain through digital business models, Chemical trading platforms, Industry platforms (trading, consulting, matchmaking, services)

Chemistry, new & sustainable materials

New chemicals, High performance materials, Innovative chemical processes, Sustainable chemistry & materials, Batteries/ energy storage

# Portfolio Selection of recent Investments

## Digital Farming

Smart Agricultural Robotics (CH)\*\*

Digital Solutions for Lifestock Management (CN)\*\*\*\*

Hummingbird Technologies

In-field Precision Farming (UK)\*\*\*

## Software / Platforms / AI

Industrial Augmented Reality (DE)\*\*

Digital Platform for Office Development (CN)\*\*

Algorithms for Quantum Computing (US)\*\*\*

AI-based Solutions for Mining Industry (UK)\*\*\*\*

## 3D-Printing

Filament Additive Manufacturing (DE)\*

Filament Additive Manufacturing (US)\*\*

Photopolymer Additive Manufacturing (CN)\*\*

## Sustainability

Sustainable Packaging (FR)\*\*

Carbon Conversion (NZ)\*\*

Iron Flow Batteries (US)\*

## Advanced Materials

Applied Nano Surfaces

Friction Reduction (SE)\*

Wettability Solutions (US)\*

Specialty Materials (US)\*

## Biotechnology

Pheromones (US)\*

EQUINOM

Computational Breeding (IL)\*\*\*

## International Funds

AgTech, FoodTech (IN)\*\*\*

Digital Business Models, 3D Printing, AgTech, Material Informatics, Software (US)\*\*

New Materials, Energy, Efficiency and Environmental Protection (CN)\*

Advanced Materials & Chemistry-related Technologies (CN)\*\*\*

AgTech, FoodTech (BR)\*\*\*

# BASF Venture Capital

## Mission

**“As the independent corporate venture arm of BASF, we aim to accelerate the evolution of the chemical industry by investing in funds and startups offering truly disruptive technologies and transformational business models.**

**Our mission goes beyond funding by supporting actively our portfolio companies with deep industry expertise, international market Insights, and access to BASF’s global network.**

**Together with our entrepreneurs, we want to generate sustainable growth opportunities for the future of our industry.”**

We create chemistry
