

General Conditions of Purchase of BASF plc and its Affiliated Companies in the United Kingdom of Great Britain and Northern Ireland

1. Basis of Contract

1.1 These Conditions shall apply to the Contract and, to the extent alternative terms have not been agreed in writing, to all future contracts for the purchase of Goods and/or Services between the supplier of the Goods and/or Services as identified in the Order ("Contractor") and BASF plc or its affiliated companies located in the United Kingdom of Great Britain and Northern Ireland as identified in the Order ("Principal") purchasing the same. These Conditions shall apply to such contracts to the exclusion of any other terms and conditions, including those which are implied by custom or dealing or which the Contractor seeks to impose or incorporate, and those which appear on any purchase order, quotation or tender response that has been given to the Principal by the Contractor.

1.2 The Contractor shall not be entitled to any remuneration or expenses for preparing any quotation or tender response and the same shall not create any obligations on the part of the Principal. Where the Contractor prepares a quotation in response to an enquiry or a response to tender the Contractor shall explicitly highlight any discrepancies with the Principal's original enquiry or tender request. If the Contractor has an alternative solution for an enquiry or tender which is technologically or economically superior it shall also present this solution to the Principal.

1.3 Without prejudice to clause 1.1, in the event of any conflict between any terms contained in the Order and these Conditions, the terms contained in the Order will override the corresponding term in these Conditions.

1.4 The Order constitutes an offer by the Principal to purchase the Goods and/or Services subject to these Conditions.

1.5 The Order will lapse unless unconditionally accepted by the Contractor within 7 days of the Order date. An Order shall be deemed accepted on the earlier of the Contractor issuing a written acceptance of the Order and the Contractor doing any act consistent with fulfilling the Order, at which point the Contract comes into existence.

1.6 No variation to the Order or these Conditions or consents given shall be binding unless agreed in writing by an authorised representative of the Principal.

2. Supply and Specification

2.1 The quantity, quality and description of the Goods and/or the Services shall be in accordance with the terms of these Conditions, the Order and any applicable Specification provided by the Principal or specifically produced by the Contractor (or a third party engaged by the Contractor) for the Principal or as otherwise agreed in writing by the Principal.

2.2 Where there is any conflict between elements of the Specification which are produced by both the Principal and the Contractor, those provisions which have been produced by the Principal shall take precedence.

3. Delivery and Performance

3.1 The Goods shall be delivered to, and/or the Services shall be performed at, the Address during the Principal's usual business hours in compliance with the Contract on the date or during the period stated in the Order or as otherwise agreed in writing. Delivery of the Goods shall, unless agreed otherwise in writing, be in accordance with Incoterm DAP (Incoterms 2010) to the Address and delivery shall be completed on the completion of unloading of the Goods by the Contractor at the Address. Performance of the Services will be complete when the Principal has confirmed that the Services have been performed in accordance with the Contract to the Principal's reasonable satisfaction. Deliveries of Goods and/or the performance of Services at the wrong address will be corrected at the Contractor's expense.

3.2 The time for delivery of the Goods and/or for performance of the Services is of the essence.

3.3 Without prejudice to clause 3.2, the Contractor shall notify the Principal immediately in writing if delivery of the Goods and/or performance of the Services is, or is likely to be, delayed giving the reasons for delay and the likely delay period. Acceptance of delivery of any delayed Goods or performance of any delayed Services shall in no way constitute a waiver of any rights or claims by the Principal.

3.4 If the Contractor fails to deliver the Goods and/or perform the Services on the agreed date or during the agreed period, the Principal shall, without limitation to any other rights or remedies, be entitled, at its discretion, to:

3.4.1 immediately terminate the Contract on written notice; and/or

3.4.2 refuse to accept any subsequent delivery of the Goods and/or performance of the Services or any Goods and/or Services under any other contract with the Contractor; and/or

3.4.3 deduct any amounts stated in the Order (if any) from the Price by way of liquidated damages for the period of delayed delivery and/or performance. The parties confirm that such amounts shall represent a genuine pre-estimate of the Principal's loss.

3.5 Performance of the Services may only take place in advance of the agreed date or agreed period with the prior consent of the Principal in writing.

3.6 If the Principal agrees that the Goods are to be delivered, and/or the Services are to be performed, by instalments, the Contract will still be treated as a single contract and shall not be severable.

3.7 The Contractor shall supply the Principal in good time with any instructions or other information required to enable the Principal to accept delivery of the Goods and/or performance of the Services.

3.8 The Principal shall be entitled to reject any Goods delivered which are not in accordance with the Contract, and shall not be deemed to have accepted any Goods until the Principal has had reasonable time to inspect them following delivery or, if later, within reasonable time after any latent defect has become apparent.

3.9 Whilst delivering the Goods and/or performing the Services at the Delivery Address, the Seller shall, and the Seller shall ensure that its representatives shall, comply in all respects with all applicable laws, and the Principal's health and safety, security, environmental, cyber security, IT and other policies and regulations which are in force or apply at the Address from time to time.

4. Goods

4.1 The Contractor shall:

4.1.1 deliver the Goods in proper and secure packaging approved for the place of destination to ensure they reach the Principal in good condition and to avoid damage during transport;

4.1.2 package, label and ship hazardous Goods according to the applicable national and international laws and regulations. The Contractor shall comply with all obligations for suppliers (pursuant to Article 3 (32) of Regulation (EC) No. 1907/2006/EC hereinafter "REACH") with respect to the delivery of Goods. The Contractor shall in particular provide the Principal with a safety data sheet according to Article 31 of REACH in the national language of the recipient country in all cases stipulated in Article 31 (1) to (3) of REACH;

4.1.3 unless otherwise required by the Principal, deliver the Goods together with two copies of a delivery note, a packing list, cleaning and inspection certificates according to the Specification and all other necessary documents in accordance with the applicable regulations or requirements of the carrier and applicable law. If known, the following details must be given in all shipping documents and, for packaged Goods, on the outer packaging: (i) Order number and any other reference

provided by the Principal; (ii) gross and net weight; (iii) number of packages and type of packaging (including whether disposable or reusable); (iv) date of delivery; (v) the Address and (if applicable) the relevant building for delivery; and (vi) the consignee; and

4.1.4 where applicable, and in any event for supplies from outside the UK, specify whether the Goods are being delivered duty paid or duty unpaid. If the Goods are delivered duty unpaid the Contractor must submit the following customs documents to the Principal: (i) dispatch documents (e.g. T 1); (ii) shipping documents; (iii) customs or commercial invoice; (iv) preference documents such as Form A, EUR.1, A.TR.; (v) proof/certificate of origin; and (vi) such other additional documents that are necessary for customs clearance. The Contractor shall also ensure that all information necessary for a customs advance notification procedure is completed correctly and in good time and is given to the relevant persons for such advance notification to take place so that no delivery delays may result. If the Goods are to be delivered duty paid, the proof of customs clearance (such as ATC number, tax assessment note) shall be included in the shipping documents.

4.2 Where applicable, the Contractor is responsible for obtaining, at its own cost, such export and import licenses and other consents in relation to the Goods as are required from time to time.

4.3 Unless otherwise agreed, the Principal shall not be obliged to return to the Contractor any packaging or packing materials for the Goods, whether or not any Goods are accepted by the Principal. For domestic deliveries, upon the Principal's request, the Contractor shall collect any accumulated outer packaging, transport and sales packaging from the Address following delivery and dispose of it or have this done by a third party.

5. Services

The Principal shall give the Contractor reasonable access to the Address for the purpose of carrying out the Services and shall use reasonable endeavours to permit the Contractor to use such facilities at the Address as are reasonably necessary for the performance of the Services. The Contractor uses any such facilities at its own risk and is responsible for performing risk assessments prior to performance of the Services and shall indemnify the Principal (and keep it indemnified) in full against any liability or loss which the Principal may incur and damage caused to such facilities by reason of such use.

6. Quality

6.1 The Contractor shall not unreasonably refuse any request by the Principal to, itself or through third parties commissioned by the Principal, inspect and test:

6.1.1 the Goods during manufacture, processing or storage; and

6.1.2 the Services and any deliverables to be supplied as part of the Services during or following performance, at the premises of the Principal, Contractor or any third party (as applicable) at any time and the Contractor shall provide the Principal with all facilities reasonably required for inspection and testing. The parties shall each bear their own costs incurred in the conduct of such inspections and testing.

6.2 If as a result of inspection or testing the Principal is not satisfied that the Goods and/or Services will comply in all respects with the Contract, and the Principal informs the Contractor within 7 days of the inspection or testing, the Contractor shall take all such steps as are necessary to ensure compliance.

6.3 The Contractor shall carry out and maintain effective quality assurance and, if requested, demonstrate this to the Principal. The Contractor shall adhere to a quality management system with elements as per ISO 9000 or a similar system of equivalent standard. The Principal shall have the right to inspect the

Contractor's quality assurance system with prior notice, either itself or through third parties commissioned by the Principal.

7. Risk and Property

7.1 Risk of damage to or loss of the Goods and/or any deliverables supplied as part of the Services shall pass to the Principal upon completion of delivery of the Goods and/or completion of the Services in accordance with the Contract, whichever is latest.

7.2 Title in the Goods and/or any deliverables supplied as part of the Services shall pass to the Principal upon delivery of the Goods and/or completion of the Services in accordance with the Contract, whichever is earliest, unless payment of the Price is made prior to delivery of the Goods and/or completion of the Services, in which case title shall pass to the Principal once payment has been made.

8. Sustainability

8.1 The Principal conducts its business in accordance with the principle of sustainable development and adheres to internationally recognised fundamental standards for occupational health and safety, environmental protection, labour and human rights as well as responsible corporate governance ("ESG Standards"). The Principal has described its understanding of the ESG Standards in the Supplier Code of Conduct (available at: <http://www.basf.com/supplier-code-of-conduct>). The Principal expects the Contractor to adhere to the ESG Standards. Furthermore the Principal calls upon the Contractor to ensure that all of its sub-contractors of any tier also adhere to the ESG Standards. The Principal shall have the right to check adherence to the ESG Standards, either itself or through third parties that it commissions with prior notice.

8.2 In addition to the ESG standards, the Contractor must ensure that within its organisation it:

8.2.1 actively fosters and promotes respect for human rights;

8.2.2 has processes to identify and eliminate human rights abuses, or any form of forced or compulsory labour within its organisation and its own supply chain; and

8.2.3 avoids the use of child labour in its organisation, or within its supply chain, respects statutory minimum working ages, and ensures that it has reliable and robust methods to verify employee's ages.

8.3 While performing the Contract, the Contractor must adhere to the Principal's occupational health and safety and environmental protection requirements specified in the Contract.

8.4 Any Goods which are within the scope of any regulation or agreement pursuant to a Generalised System of Preferences (i.e. a formal system of tariff preferences granted by a competent authority to products originating from developing countries) must be supplied in compliance with any and all laws in relation to the preferential origin of such Goods. The Contractor shall provide the Principal with proof of origin of the Goods on request.

8.5 The Contractor shall:

8.5.1 not engage in any activity, practice or conduct which is (or might reasonably be supposed to be) an offence under sections 1, 2 or 6 of the Bribery Act 2010 were it to occur in the United Kingdom or engage in any conduct that is contrary to anti-bribery or anti-corruption laws or regulations in any part of the world in which the Contract is performed;

8.5.2 maintain, and at all times comply with, its own business ethics policies and procedures (which shall, as a minimum, satisfy the adequate procedures requirements of the Bribery Act 2010 and any relevant industry codes of practice);

8.5.3 notify the Principal immediately if it engages a foreign public official (as defined in the Bribery Act 2010) in any capacity, or if such a person acquires any direct or indirect interest in the Contractor (and the Contractor warrants that it has no foreign public officials as officers, employees or direct or indirect owners at the Order date); and

8.5.4 on request certify to the Principal its compliance with this clause 8.5 in writing signed by a director.

9. Use of Sub-Contractors

Third parties (in particular any sub-contractors) may only be employed or replaced by the Contractor with the Principal's prior written consent. If the Contractor intends to use sub-contractors to perform the Contract from the outset, the Contractor must inform the Principal of this when submitting its response to an enquiry or a response to tender.

10. Price

10.1 The Price of the Goods and/or the Services, unless otherwise agreed, shall be:

10.1.1 exclusive of any applicable value added tax (which shall be payable by the Principal subject to receipt of a VAT invoice); and

10.1.2 inclusive of all charges for packaging, packing, shipping, carriage, insurance and delivery of the Goods to the Address, any and every cost and expense incurred in the performance of the Services and any duties, imports or levies other than the value added tax.

10.2 No increase in the Price may be made (whether on account of increased materials, labour or transport costs, fluctuation in rates of exchange or otherwise) without the prior consent of the Principal in writing.

10.3 The Principal shall be entitled to any discount for prompt payment, bulk purchase or volume of purchase customarily granted by the Contractor, whether or not shown on its own terms and condition of sale.

11. Terms of Payment

11.1 The Contractor shall be entitled to invoice the Principal on or at any time after delivery of the Goods or at any time after the performance of the Services, whichever is latest, and each valid invoice shall quote the Order number provided by the Principal and, if applicable, the Contractor's delivery note number. Certificates of work completed and any other records are to be submitted with the invoice. Invoices must correspond to the Order in respect of the Goods and Service described, the price and the quantity.

11.2 Unless otherwise stated in the Order, the Principal shall pay the full Price of the Goods and/or Services in respect of each undisputed invoice validly issued by the Contractor within 60 days of receipt of such invoice by the Principal, or if the parties have entered a self-billing agreement, within 60 days of the date of issue of the self-billing invoice by the Principal.

11.3 If the Principal disputes the whole or any part of the Contractor's invoice it shall be entitled to withhold payment in respect of the disputed amount provided that it gives notice in writing to the Contractor of any intention to withhold payment specifying the amounts to be withheld and the grounds for withholding payment.

11.4 Except where a sum is overdue as a result of a bona fide dispute in accordance with clause 11.3, the Contractor shall be entitled to charge interest on overdue sums at the rate of 2% per annum above the base lending rate from time to time of the Bank of England, before and after judgment from the due date to the date of payment. The parties agree that this is a substantial remedy for late payment.

11.5 The Principal may, without limiting its other rights and remedies, set off any amount owing to the Principal by the Contractor against any amount payable by the Principal to the Contractor whether any such liability is present or future, liquidated or unliquidated and whether under the Contract or otherwise.

12.2 The Contractor shall ensure that all materials contained in the Goods and any deliverables supplied as part of the Services have effectively been pre-registered, registered (or exempt from the obligation to register) and, if relevant, authorised in accordance with the applicable requirements of REACH for the uses disclosed by the Principal. This clause 12.3 shall also apply to the packaging materials used for the packaging of the Goods or and any deliverables supplied as part of the Services.

12.4 Without prejudice to any other remedy, if any Goods and/or Services are not supplied or performed in accordance with the Contract, then the Principal shall, at its discretion, be entitled:

12.4.1 to require the Contractor, at the Contractor's expense, to make good any non-compliance with the Contract and repair the Goods and/or deliverables supplied as part of the Services or supply replacement Goods and/or Services in accordance with the Contract within 7 days, where such non-compliance with the Contract arises within 30 months from the actual date of delivery of the Goods or performance of the Services, whichever is latest. If the Contractor fails to remedy any such defects or non-compliance when instructed to do so, or if the Principal chooses not to instruct the Contractor to do so, the Principal may procure that the defects or non-compliance are remedied by other means and the Contractor shall indemnify the Principal (and keep it indemnified) in full against any costs incurred by the Principal in so doing; and

12.5.1 any breach of any warranty given by the Contractor in relation to the Goods and/or the Services;

12.5.2 any claim that the Goods, Services or any deliverables supplied as part of the Services infringe, or their importation, use or resale infringes, the patent, copyright, design right, trade mark or other intellectual property rights or any other person, except to the extent that the claim arises from compliance with any Specification supplied by the Principal (and not specifically produced by the Contractor (or a third party engaged by the Contractor)) and any costs incurred by the Principal in relation to the licensing intellectual property to prevent or rectify any infringement;

12.5.3 any liability under the Consumer Protection Act 1987 in respect of the Goods or any deliverables supplied as part of the Services;

15.1.1 keep any of the Goods already delivered to it subject to payment of that proportion of the Price attributable to such Goods in accordance with the terms of the Contract (less any sums already paid to the Contractor for any Goods which have not yet been delivered); or

15.1.2 repudiate the Contract, return the Goods, and require the repayment of the whole or any part of the Price which has been paid.

The Contractor shall ensure that all employees, sub-contractors and agents to whom Confidential Information is disclosed are subject to confidentiality obligations no less onerous than those in this clause 16. Upon request, the Contractor shall demonstrate compliance with these obligations to the Principal in writing.

16.4 The Contractor shall undertake all required, appropriate precautions and measures to effectively protect the Confidential Information at all times against loss or against unauthorised access using the same standard of care as it uses to protect its own confidential information (and in any event at least a reasonable standard of care). This includes, in particular, the creation and maintenance of appropriate, required access and entry precautions for facilities, repositories, IT systems, data storage devices and other information storage devices, especially those which contain Confidential Information. This also includes informing and instructing those people who are granted access to Confidential Information pursuant to this clause 16.
