Cautionary note regarding forward-looking statements

This presentation contains forward-looking statements. These statements are based on current estimates and projections of the Board of Executive Directors and currently available information. Forward-looking statements are not guarantees of the future developments and results outlined therein. These are dependent on a number of factors; they involve various risks and uncertainties; and they are based on assumptions that may not prove to be accurate. Such risk factors include those discussed in Opportunities and Risks on pages 158 to 166 of the BASF Report 2020. BASF does not assume any obligation to update the forward-looking statements contained in this presentation above and beyond the legal requirements.
Nutrition & Health targets consumer-driven ingredient markets worth €80 billion\(^1\) with robust growth rates and low cyclicality.

Higher demand for **natural ingredients**

**Eco-friendliness and sustainability** becoming the decisive purchasing factors

**Health** benefits and **convenience** of growing relevance

---

\(^1\) Source: BASF primary and secondary market research  
\(^2\) Expected market CAGR 2019–2024
Nutrition & Health businesses hold or strive for leading positions among suppliers in their market segments

- **Cost leadership** in citral and derivatives
- **Pioneer** and innovator in feed enzymes
- **Strong volume growth** after startup of aroma ingredients complex in Kuantan, Malaysia
- >60 products in the scent ranges mint, citrus, rose, lavender, muguet
- **Cost leadership in vitamin A**, strong position in vitamin E
- **Innovative excipients player** for various applications
- **Strong player in ibuprofen and omega-3**
- **Enables** production of biologic drugs
- **BASF strives for a leading position** in the global enzymes market
- **New Global Business Unit** acts as **central hub**
- **Innovation program ensures** a continuous stream of new products

1 Percentage of Nutrition & Health division sales 2020
2 Additional sales with enzymes are generated in animal nutrition and the Care Chemicals division
Serving attractive end consumer markets in all regions

Sales by region\(^1\) 2020

- South America, Africa, Middle East: 10%
- North America: 18%
- Asia Pacific: 35%

\[\text{€2,030 million}\]

Sales by direct customer industry 2020

- Europe: 37%
- Health: 27%
- Nutrition\(^2\): 54%
- Others: 19%

\[\text{€2,030 million}\]

\(^1\) By location of customer
\(^2\) Aroma ingredients business is included in the customer industries nutrition and others
Nutrition & Health operates a profitable and growing business

- Continuous and resilient earnings contributor with healthy growth potential
- Low cyclicality of relevant markets:\(^3\)
  - 3x less cyclical than the chemical industry
  - 10x less cyclical than the automotive industry
- From Q4 2017 to Q4 2018, sales growth was impacted by force majeure for key product lines

1 2016: Peak in vitamin prices
2 2017/2018: Force majeure on citral and isoprenol based aroma ingredients, vitamin A, E and several carotenoids, with a significant sales reduction in aroma ingredients, animal and human nutrition
3 Compared with actual market growth
Nutrition & Health’s global asset footprint

**North & South America**
- 3 Production sites
- 1 Research & development hub
- 2 Application and technical service locations

**EMEA**
- 7 Production sites
- 6 Research & development hubs
- 1 Application and technical service location

**Asia Pacific**
- 7 Production sites
- 2 Research & development hubs
- 2 Application and technical service locations
Continual investment and improvements to global assets to ensure customer and market proximity

Europe
- Global headquarters animal nutrition, aroma ingredients and enzymes

North & South America
- Global headquarters pharma solutions

Asia Pacific
- Global headquarters human nutrition

2020
- Improvement of ibuprofen production in Bishop, Texas

2021
- Vitamin A capacity expansion in Ludwigshafen, Germany
- Capacity expansion enzyme plant in Ludwigshafen, Germany

2017–2018
- New integrated aroma ingredients complex in Kuantan, Malaysia
Our ambition is to innovate sustainably, invest world-class and grow responsibly

- **Sustainability**
  - We enable solutions to reduce CO₂ emissions and to fight malnutrition

- **Innovation**
  - We deliver targeted innovations for our customers

- **Digitalization**
  - We strengthen our position as a digital solution provider to our target industries

- **Asia Pacific**
  - We meet new consumer demands in our largest growth market

- **Collaboration**
  - We support our customers with differentiating solutions
We strive for an effective reduction of CO₂ emissions in cooperation with our customers and partners

- Up to 36% lower CO₂ emissions for key raw material certified palm kernel oil,³ plus positive impact on biodiversity and social aspects
- >10% reduction of Product Carbon Footprint of oleo excipients⁴
- Up to 20% lower CO₂ product emissions through certified⁵ renewable feedstock
- Scalable, drop-in solution and identical performance
- Up to 20% lower CO₂ emission for selected pilot products through renewable energy credits
- Certification and pilots starting 2021

¹ Roundtable on Sustainable Palm Oil; ² For selected pilot products; ³ Source: Consultant 2.0, www.LCA-net.com/club/palm-oil; ⁴ Due to varying content of palm kernel oil in our pharma oleochemicals, the actual carbon footprint varies by product and can be calculated (incurring additional costs) on demand; ⁵ REDcert-EU and ISCC-EU

Sustainable palm oil
Pharma oleochemicals certified according to RSPO¹ in 2019

Renewable feedstock
Biomass balance product offerings save fossil resources

Renewable energy²
Pilot more sustainable product offerings with renewable energy
We will continue to help fight malnutrition worldwide

Call for action
- Reduce vitamin A deficiency in developing countries
- Improve eye health, immune system, child and maternal health
- Fortification of staple foods to fight nutrient deficiencies in all ages

Impact
- Active in more than 42 countries
- Served 750 million people at risk of vitamin A deficiency since 2003
- Target to serve 3 billion people at risk of vitamin A deficiency by 2050
Creating value in aroma ingredients through smart acquisitions delivering targeted innovations for our customers

- Strong R&D pipeline linked to customer projects
- Established customer relationships with key flavor and fragrance players
- Fermentation scale-up expertise

Fermentation-based aroma ingredients market to grow by +10% p.a.¹

>€500 million accessible market²

Strengthening our position in natural aroma ingredients

Acquisition of Isobionics

2019
Valencene
Nootkatone

2020
Santalol (Isobionics®)
Alpha-Bisabolene

2021
Germacrene D
Alpha-Bisabolol

2022
More to come

¹ Expected market CAGR 2018–2030

Virtual assistant ZoomLab™ strengthens our leading position as a digital solution provider for the pharma industry

- ZoomLab™ helps our customers to save time and resources in their development pipeline without having to share proprietary information.
- Targets all formulators at generic and innovator drug companies worldwide, with focus on emerging markets.
- Disruption of traditional research business model in collaboration with leading industry partners.
- Accelerated expansion of customer base, building new business opportunities with digital services.
Next-generation farming enabled by recently acquired Cloudfarms presents new opportunities for livestock producers

First cloud-based, multi-sited pig production management system

Real-time data registration with a mobile app, allowing faster decisions and better planning for livestock producers

Enabling a closer connection with the value chain

Our mission: shape the digital ecosystem, improving traceability, animal welfare and sustainability
Asia Pacific holds strong growth opportunities for Nutrition & Health

Food and pharma market\(^1\)
Regional split, value share 2020–2025

- Asia Pacific is the largest food and pharma market today
- **Nutrition & Health with double-digit growth** in Asia Pacific in 2019 and 2020
- High **growth potential** due to large population and increasing living standards
- Health and wellness are driven by calorie-rich diets
- Human nutrition business unit moved headquarters from Germany to Singapore in 2018
  - Strengthened market and customer understanding
  - Better access to local talent
  - Build-up of technical capacities and capabilities

\(^1\) Source: BASF primary and secondary market research
We help our customers to optimize cost and differentiate themselves in the biopharma market

Success story – excipient Kolliphor® P 188 Bio

Sales, indexed

Global biopharma ingredients market to grow by +10% p.a.¹

- Broad pharmaceutical formulations expertise
- Global presence to innovate for local needs
- Leading regulatory capabilities
- Leveraging Verbund integration

¹ Estimated market growth: CAGR 2019–2029; ² Source: BASF primary and secondary market research
We are investing to follow a clear growth path in consumer markets, supported by digital and sustainable solutions

### Sustainability
- Offer **Product Carbon Footprints** for portfolio
- Enable customers to avoid CO₂ emissions, for example, by using **renewable feedstock**
- Serve **3 billion people** at risk of vitamin A deficiency by 2050

### Innovation
- Benefit from R&D pipeline with **>65% share of Accelerator solutions**; supported by dedicated acquisitions
- Grow through **targeted innovations** in high-growth areas such as natural aroma ingredients

### Digitalization
- Strengthen our leading position as a **digital solution provider** for the pharma industry
- Shape the digital ecosystem for **livestock farming**, improving traceability, sustainability and animal welfare

### Asia Pacific
- Continue on our **growth path** fueled by increasing demand for innovative solutions
- Enhance our **market and customer understanding**, as well as access to local talent

### Collaboration
- Support our customers in **differentiating themselves** in end consumer markets
- Pursue partnerships to create **market-oriented solutions**
- Offer digital solutions leveraging our **industry expertise and know-how**
