

# Curriculum Vitae

December 2017

## **Stefan Beck**

Senior Vice President Global Process / Enterprise Architecture & Region Europe  
Chief Information Officer (CIO) BASF Group

Managing Director / Member of the Board BASF Business Services

Stefan Beck is Senior Vice President Global Process & Enterprise Architecture & Region Europe and acting Chief Information Officer (CIO) of BASF. He is responsible for the IS strategy of BASF Group, global Business Process Management, Enterprise Architecture, Cybersecurity, Process Audits and IT Key Account Management for BASF's divisions.

Since September 2013 Beck has been a Managing Director of BASF Business Services GmbH, and since January 2016 he has been a Member of the Board of Directors of the European BASF Business Services Group companies.

In 1992, Beck joined the German Fraunhofer Institute for Production Systems & Design Technology, where he developed production management systems for the automotive industry. In 1997, he moved to the IT Service Provider of Daimler Chrysler AG, after October 2000 part of T-Systems, where he was responsible for the introduction of digital product development. In 2001 Beck joined Information Technology Services & Consulting as Principal Consultant and spent time in Yemen, the United Arab Emirates and Iran deploying IT solutions for the telecommunication industry.

Beck joined BASF in 2003 to establish the European Business Consultancy unit of BASF IT Services in Switzerland. After different roles in Malaysia and Singapore, he moved to Ludwigshafen in 2012 as Vice President Business Management BASF. From 2013 to November 2017, he was Senior Vice President Global Business Relationship Management & Region Europe at BASF.

Stefan Beck was born 1964 in Essen, and holds a Diploma in computer science with the focus on software engineering from University of Technology Berlin. He is married and has two children.
