## **BASF to increase prices for paper wet-end and water chemicals in the EMEA region**

Ludwigshafen, Germany – September 28, 2018 – Driven by continued increases in cost of key raw materials, transportation, and energy, as well as restricted availability of selected raw materials, BASF has decided to increase prices for paper wet-end and water chemicals in the EMEA region (Europe, Middle East and Africa), effective October 1, 2018 or as existing contracts allow to compensate those increased costs.

For the following product lines BASF will implement a minimum price increase:

Cationic Polyacrylamides	+8%
Anionic Polyacrylamides	+7%
Polyamines, Polydadmac	+8%
Polymeric Sizing Agents	+4%
Polyvinylamines	+5%
Polyethyleneimines	+5%
Scale and Foam Control	+5%
Dyes	product specific

### **About BASF Paper and Water Chemicals**

BASF offers a comprehensive and customer-centric range of chemicals for the paper and water industry. Our paper chemicals portfolio comprises dry strength agents, fixing agents, retention and drainage aids, flocculants and coagulants for water management. Furthermore, we offer basic dyes, direct dyes, sizing agents, pigment preparations, wet strength agents and color developers for thermal paper. The water chemicals portfolio includes products used in the key processes of

industrial and municipal water treatment. We are a leading supplier of chemicals to purify the raw water used for the production of drinking water, to treat waste water streams and industrial process water, to protect cooling towers, boilers and desalination plants. We are fully committed to the future topic water. Further information can be found at: [www.basf.com/paper](http://www.basf.com/paper) and [www.basf.com/water](http://www.basf.com/water)
