

Mint portfolio

Plenty of opportunities to differentiate mint creations at constant high quality

BASF's mint portfolio gives you the freedom to choose just the right product basket:

- L-Menthol FCC
- DL-Menthol FG
- L-Menthyl acetate FCC
- L-Menthone 70 FG
- L-Isopulegol FG

For use in the following application areas:

- Oral Care
- Personal & Home Care
- Flavor & Confectionery
- Fragrance

What all mint products have in common:

- Fresh and cooling
- Constant excellent quality
- Global supply network with customization options
- Two world-scale aroma ingredients sites located in Asia (Kuantan, Malaysia) and Europe (Ludwigshafen, Germany)

A photograph of two young women outdoors. The woman on the left is blowing a large, light green bubble of gum. The woman on the right is also blowing a bubble and holding up a smartphone to take a selfie. They are both smiling and looking towards the camera. The woman on the left is wearing a grey hoodie over a white t-shirt and holding a yellow skateboard. The woman on the right is wearing a blue denim jacket over a grey top. The background is a bright, slightly blurred outdoor setting with trees and a clear sky.
