<p>Thai Ethoxylate Company Limited <i>(JV with PTT Global Chemical Public Company Limited)</i></p> <p>Rayong</p>	<p>Fatty Alcohol Ethoxylate</p> <ul style="list-style-type: none"> • A joint venture between PTT Global Chemical Public Company Limited, established in 2005 • Located in Eastern Industrial Estate

Community

- **BASF Kids' Lab:** BASF contributes to science education through its interactive and fun-filled experiments at BASF Kids' Lab. The annual program has attracted more than 9,000 primary students in Thailand to take part since 2003. In 2017, over 1,000 students from primary schools in Bangkok participated in the "UV investigation" experiment.
- **Community outreach programs:** Annual scholarships for chemistry students, stationery and food donations for the schools close to production sites, and social contribution projects focusing on food, energy, and urban living, such as "Sustainable Farm for Students' Lunch", "Water for Life", "Sustainable Renewable Energy – Biogas", as well as education, such as "Play & Learn to Grow Up" and "Boost Brain".
