

# BASF in Thailand

## Overview

At BASF, we create chemistry for a sustainable future. We combine economic success with environmental protection and social responsibility. With 640 employees in Thailand as of December 31, 2016, BASF offers products to customers in Thailand including crop protection, automotive catalysts, construction chemicals, coatings, care chemicals, nutrition and health, industrial chemicals, performance polymers, polyurethanes, and performance chemicals. BASF Thailand was established in 1966 and maintains a head office in Bangkok, along with three production sites around the country and a technical lab in Samutprakarn. BASF sales to customers in Thailand in 2016 were approximately €443 million.

<p>Thai Ethoxylate Company Limited (JV with PTT Global Chemical Public Company Limited)</p> <p>Rayong</p>	<p>Fatty Alcohol Ethoxylate</p> <ul style="list-style-type: none"> <li>• A joint venture between PTT Global Chemical Public Company Limited, established in 2005</li> </ul>

## Community

- **BASF Kids' Lab:** BASF contributes to science education through its interactive and fun-filled experiments at BASF Kids' Lab. The annual program has attracted more than 8,000 primary students in Thailand to take part since 2003. In 2016, over 900 students from 30 primary schools in Bangkok participated in the "Keep Cool" and "Skin Loves Sun" experiments.
- **Community outreach programs:** Annual scholarships for chemistry students, books & stationery & essentials donation for schools nearby production sites, and social contribution projects focusing on food, energy, and urban living, such as Sustainable Farm for Students' Lunch, Water for Life, Sustainable Renewable Energy – Biogas, and Play & Learn to Grow Up.
