Battle Creek, Michigan

Address: 4750 W. Dickman Road, Battle Creek, MI, 49037

Start of Production: 2011

Location: Located northwest of downtown Battle Creek

Site Manager: Wir Wong

Number of Employees: 55 employees

Product/Uses: The Battle Creek battery materials manufacturing plant produces cathode materials used in lithium-ion batteries that power electric vehicles and consumer electronic applications. A variety of oxide cathode materials serve both existing customers and emerging players in the battery materials industry.

Community Relations: The Battle Creek site maintains its relationship as a good corporate citizen within the community by meeting with community leaders and supporting local programs.

Economic Impact*: 
- Annual payroll in excess of $4.6 Million
- $0.16 million in total taxes paid
- Capital improvement: $0.93 Million

*Year-end 2021 data
