Declaration:  

U.S. TSCA Inventory Notification (Active-Inactive) Final Rule

Dear Valued Customer;

This letter is in response to your request regarding the TSCA Inventory Notification (Active-Inactive) status of the product(s) you purchase from BASF Corporation, under the referenced Final Rule.

BASF Corporation intends to make good faith efforts to comply with the retrospective reporting for chemical substances under the Final Rule, by the stated deadlines: February 7, 2018 for Manufacturers/Importers and October 5, 2018, for any Processor voluntary reports.

Due to the high volume of requests BASF receives, we are unable to respond to each individual request. We thank you for your patience during this reporting period, while we are focusing on reporting chemical substances to EPA, and encourage you to contact EPA as the primary source of chemical substance/NOA Form A reporting status.

Thank you for your interest in BASF products. Should you have any further questions, please contact the BASF Product Stewardship EHS Product Regulatory Information Center at epic@basf.com.
