Community

- BASF has been contributing to science education in Vietnam through its interactive and fun-filled experiments at **BASF Kids' Lab** since 2011, in partnership with Ho Chi Minh City Department of Education & Training. Nearly 5,000 primary students have joined this initiative. BASF has also launched Virtual Lab, an online platform that offers children a variety of interactive chemistry experiments in Vietnamese.
- BASF offers **scholarships** to underprivileged students and supports **school painting and renovation** projects in remote areas through collaboration with Saigon Children's Charity. Four schools have been renovated since 2015, benefiting more than 400 children. The school painting program conducted in partnership with Nippon Paint has redecorated almost 8,000 square meters of school area, benefiting almost 1,400 children.
- In Vietnam, BASF also offers **public playgrounds** designed to spark creativity and built with child-friendly and recyclable materials for about 12,000 kids in various locations. The initiative is facilitated by the social enterprise Think Playgrounds to help children learn through play.

² BASF and an affiliate of Lone Star signed an agreement on the sale of BASF's construction chemicals business in December 2019. The transaction is expected to close in the third quarter of 2020, subject to the approval of the relevant competition authorities.
