

BASF Construction Chemicals (Pty) Ltd - Dispersions Plant 1 Dickens Road, Umbogintwini, 4126

Directions to BASF Construction Chemicals (Pty) Ltd from King Shaka International Airport

- Travel south (on the N2 freeway) from King Shaka International.
- Keep on the N2 freeway for approx. 51km
- Take exit 144 which reads, "Dickens Road, Umbogintwini". The off-ramp before this one is called "Joyner Road" so you will know you are close when you pass the Joyner Road off-ramp.
- After taking the "Dickens Road, Umbogintwini" off-ramp continue until the stop street and turn right (you will now cross over the freeway).
- Continue along the road. You will reach a traffic light. Go straight and follow the course of the road until you reach a traffic circle.
- Take the second exit from the circle (almost at a right angle as you come into the circle).
- You will pass a "Permit Office" on your left and will have to obtain a permit there. You will need your ID for this (driver's licence is adequate). If you are in a group the entire group needs to obtain a permit individually. If it is after 4.30p.m. the office will be closed and you can obtain a permit at the central gate (see below on how to get there).
If your host has already arranged a permit for you then there is no need to stop at the permit office. Your permit will be waiting at the central gate.
- From the permit office travel further down the road in the same direction that you came in to the next traffic circle.
- Take the first exit which leads to the booms of the Central Gate. You will now enter the "Umbogintwini Industrial Complex" via the security checkpoint.
- Proceed through a level crossing, over 2 speed bumps, a second level crossing until a T-junction is reached.
- Turn right at the T-junction.
- BASF is on the right.

Please have the following PPE (personal protective equipment):

- Hard hat
- Safety glasses
- Long sleeve jacket with reflector stripe
- Long pants (no shorts /dresses allowed in any production areas – basically legs have to be covered).
- Safety shoes
